Aura and Harmony Program

WORKS NOTIFICATION

Old Caloundra Road Reopened

Thank you for your patience

The Aura and Harmony Program team would like to take this chance to thank the local community for their patience and understanding during the closure of Old Caloundra Road to undertake essential infrastructure works.

This closure has enabled us to safely install a critical section of the Aura Water pipeline.

Completing this work as quickly and as safely as possible has been a priority for our teams, as we understand this has been an impact to the local community.

Thankyou from all the team at Aura and Harmony
