Works *notification*

Pine Valley Water Supply Project

Upcoming permanent road reinstatement works

Our delivery partner **Downer** and their subcontractors will soon commence permanent road reinstatement works along the road alignment affected by the recent pipe installation works.

Reinstatement works are scheduled to commence from **9 November 2026 and are expected to take up to one week to complete**. Should weather conditions be unsuitable, these activities may be postponed and carried out the following week.

To safely complete these works, a partial lane closure will be required on each of the affected streets for the duration of the work.

(*See map overleaf for location details).*

Work Hours

Works will be carried out **Monday to Friday**, between **6:30am to 6:30pm**, weather and site conditions permitting.

What to expect

- Intermittent **noise, dust, and minor vibration** from construction equipment and general disruption may be experienced during these works.
- **Temporary traffic changes**, including short-term partial lane closures and short intermittent driveway restrictions will be experienced to safely complete these activities. Traffic controllers will be onsite to maintain traffic flow and ensure the safety of motorists, pedestrians and our work crews. Please slow down, drive with care, and follow all signage and directions from traffic controllers.
- You may experience traffic delays so please plan your trip ahead of time.

Our commitment

We'll make every effort to minimise disruption during this time. We will also keep directly impacted community members informed by providing regular updates throughout the project. We appreciate your patience as we carry out these important works.

Date

30 October 2026
