1 Guarantee and Indemnity

1.1 Definitions

For the purposes of this guarantee and indemnity:

- Accreditation Deed means the deed between Unitywater and the Accredited Entity.
- Accredited Entity means ADG Engineers (Aust) Pty Ltd, ACN 131 876 143
- Guarantor means the following party:
  - Name
  - ACN/ABN
  - Address
  - Contact person
- Guaranteed Obligations means all express and implied obligations to be observed or performed by or on behalf of the Accredited Entity under the Accreditation Deed.
- Insolvency Event has the meaning given in the Accreditation Deed.
- Unitywater means the Northern Distribution Retail Authority established under the South-East Queensland Water (Distribution and Retail Restructuring) Act 2009 (Qld).

1.2 Consideration

The Guarantor gives this guarantee and indemnity in consideration of Unitywater agreeing to enter into the Accreditation Deed.

1.3 Guarantee

The Guarantor guarantees to Unitywater the performance and observance of all the Guaranteed Obligations. If the Accredited Entity fails to perform and observe the Guaranteed Obligations, the Guarantor agrees to perform the Guaranteed Obligations on demand or at a time or times as directed by Unitywater.

1.4 Indemnity

(a) As a separate liability, the Guarantor indemnifies Unitywater, and agrees to keep Unitywater indemnified, against loss or damage suffered or incurred by Unitywater arising out of:

(i) any failure by the Accredited Entity to perform the Guaranteed Obligations; or

(ii) a Guaranteed Obligation being ineffective for any reason, including:
(A) a legal limitation, disability or incapacity of the Accredited Entity or a lack or improper exercise of a power or authority in relation to the Accredited Entity;

(B) the Accredited Entity suffers an Insolvency Event; or

(C) if a Guaranteed Obligation is or becomes illegal, invalid, void, voidable or unenforceable.

(b) Each indemnity in this clause 1.4 is a continuing obligation separate and independent from the other obligations of the Guarantor despite the description of the party giving it as a ‘Guarantor’ and survives the termination of the Accreditation Deed. It is not necessary for Unitywater to enforce the Guaranteed Obligations against the Accredited Entity or otherwise to incur expense, loss, damage or make payment before enforcing a right of indemnity conferred by this clause 1.4.

1.5 Continuing security

This guarantee and indemnity is a continuing security despite termination or expiration of the Accreditation Deed by Unitywater, settlement of account, intervening payment, express or implied revocation or other matter or thing whatever, until a final discharge of this guarantee and indemnity is given to the Guarantor.

1.6 Acknowledgment by Guarantor

The Guarantor confirms that:

(a) it has not entered into the Accreditation Deed in reliance on, or as a result of a statement by or conduct of or on behalf of Unitywater; and

(b) Unitywater is not obliged to do anything (including disclosing anything or giving advice) except as expressly set out in the Accreditation Deed.

1.7 Preservation of rights

The Guarantor’s liability as a guarantor, principal debtor or indemnifier, and the rights of Unitywater under the Accreditation Deed, are not affected by anything that could otherwise have that effect in law or equity, including one or more of the following:

(a) a person granting time, waiver, a covenant not to sue or other indulgence or concession (whether or not an additional burden is imposed) to, or making of an arrangement, compromise or composition with a person, or compounding a liability, in any way;

(b) laches, acquiescence, delay, omission, mistake or other act by Unitywater or other person or both of them;

(c) the Accreditation Deed or another document or payment or other transaction under one or more of them being or becoming wholly or partially illegal, invalid, void, voidable, unenforceable or otherwise of limited force or effect;

(d) a variation, renewal, amendment or novation or a dealing with the Accreditation Deed or other document irrespective of whether or not their effect is material, or imposes an additional liability, or is onerous on the Guarantor or any other person;

(e) an invalidity or irregularity in the execution of the Accreditation Deed by the Accredited Entity or the Guarantor or a deficiency or irregularity in the powers of the Accredited Entity to enter into the Accreditation Deed and observe and perform the Guaranteed Obligations or of the Guarantor to enter into or observe its obligations under this guarantee and indemnity;
(f) a judgment against the Guarantor, Accredited Entity or other person; or
(g) a change in capacity, rights or obligations of the Guarantor, Accredited Entity or other person.

1.8 Guarantor limitations

The Guarantor may not:

(a) raise a set-off or counterclaim available to it or the Accredited Entity against Unitywater in reduction of its liability under this guarantee and indemnity;

(b) claim to be entitled by way of contribution, indemnity, subrogation, marshalling or otherwise to the benefit of any security or guarantee held by Unitywater in connection with the Accreditation Deed;

(c) make a claim or enforce a right against the Accredited Entity or its property; or

(d) prove in competition with Unitywater if a liquidator, provisional liquidator, receiver, administrator or trustee in bankruptcy is appointed in respect of the Accredited Entity or the Accredited Entity is otherwise unable to pay its debts when they fall due,

until all money payable to Unitywater in connection with the Accreditation Deed has been paid.

1.9 Void or voidable payments

If a claim that a payment to Unitywater in connection with the Accreditation Deed or this guarantee and indemnity is void or voidable (including, but not limited to, a claim under laws relating to liquidation, administration, insolvency or protection of creditors) is upheld, conceded or compromised, then Unitywater is entitled immediately as against the Guarantor to the rights to which it would have been entitled under this guarantee and indemnity if the payment had not been made.

1.10 Reimbursement

The Guarantor agrees to pay or reimburse Unitywater on demand for Unitywater’s costs, charges and expenses in making, enforcing and doing anything in connection with this guarantee and indemnity.

1.11 Warranties

The Guarantor represents and warrants to Unitywater that the Guarantor:

(a) has sought and obtained independent legal advice on the legal effect of this guarantee and indemnity and understands their effect; and

(b) is satisfied after due investigations as to the credit worthiness of the Accredited Entity.

1.12 More than one guarantor

Where the Guarantor comprises more than one party:

(a) the obligations in the Accreditation Deed to be performed and observed by the Guarantor bind such parties and any two or more of them jointly and each of them severally;

(b) the liability of any such party will not be affected if this guarantee or indemnity on the part of another party or person is void, voidable or unenforceable;
(c) this guarantee and indemnity bind each of such parties who execute the Accreditation Deed notwithstanding that one or more of the other such persons may never execute the Accreditation Deed;

(d) Unitywater may release or enter into a composition with any one or more of them without limiting or affecting the liability of the others; and

(e) any demand or notice required to be served on the Guarantor is sufficiently served if served on any one of the persons constituting the Guarantor.

1.2 **Assignment of rights**

Unitywater may assign its rights under this guarantee and indemnity.
