<b>Notes</b>	Nil.						

## Information Notice – Decision to issue Infrastructure Charges Notice

The applicant is advised that the following Information Notice about the decision to give an Infrastructure Charges Notice is in accordance with section 99BRCK (2) of the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*:

1. The Infrastructure Charges Notice is for payment of water and sewerage Infrastructure Charges that are levied for the provision of trunk infrastructure to serve developments that are to be connected to Unitywater's water supply and sewerage networks.
2. The decision to levy Infrastructure Charges is made in accordance with section 140F of the *South-East Queensland Water (Distribution and Retail Restructuring) Act* and the decision of the Unitywater Board made under section 755KA of the *Sustainable Planning Act 2009* to adopt a charge for the supply of trunk infrastructure.
3. The Infrastructure Charges Notice has been prepared in accordance with the requirements of section 99BRCI of the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009* as in force on the day the notice has been prepared.
4. This charge is subject to the automatic increase provisions under section 99BRCG of the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*.
5. The offsets and refunds, if applicable will be in accordance with section 99BRCT of the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*.
6. The Infrastructure Charges Notice is approved under the delegation of Unitywater's Chief Executive Officer, in accordance with the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*.

### Internal Review and Appeals Right

7. In accordance with section 99BRAY of the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*, an appeal of an original decision must be, in the first instance, by way of an application for an internal review. A request for an internal review will be carried out in accordance with Chapter 4C, Part 4, Divisions 1 and Division 2 of the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*.

Please note that any application for an internal review of this decision must be made within 30 business days after the date the Infrastructure Charges Notice was issued.

It is advised that prior to the submission of a formal application for internal review, the applicant should contact the Unitywater Assessment Officer to discuss the issues of concern. This can be done by emailing [development.certification@unitywater.com](mailto:development.certification@unitywater.com) and it needs to be made clear in the email content that this initial enquiry is not a formal application for internal review, but instead is a preliminary enquiry to discuss issues that have been conditioned in the Unitywater Infrastructure Charges Notice. The Unitywater officer and Development Services may consider changes to the Infrastructure Charges Notice without the need of an Internal Review. This preliminary enquiry and consultation does not have an effect on the 30 business days of the 'decision period' and if the issue cannot be resolved within this time, the only recourse of Internal Review is as explained in the process above.
