Privacy Statement

Unitywater is collecting your personal information for the purpose of providing the requested search. The collection of this information is authorised under the *South East Queensland Water (Distribution and Retail Structuring) Act 2009*. Your information will not be given to any other person or agency unless required by law or we have your permission in writing.

For us to be able to accurately process your Plan Assessment Application in a timely manner, please ensure that the following information has been provided to us.

- A fully completed and signed Plan Assessment Application Form (F9831), with payment details included on Page 2.
- A fully completed and signed Trade Waste Application Form (F10582) by the proposed generator.
- Hydraulic Drawings clearly identifying all new and existing trade waste infrastructure.
- Hydraulic Drawings clearly identifying removal or disconnection of trade waste infrastructure where applicable.
- Site plan showing location of proposed works.
- A trade waste loading table which includes fixtures for other tenancies also discharging to the same device.
- Size, make and model of proposed, or existing, pre-treatment device, including the location on site.

PLEASE NOTE: Fully completed Plan Assessment Applications will be processed within 10 business days. If any of the above information is not included with the original application, it may result in additional fees and/or a delay in getting a determination back to you.

If you have any questions or would like to discuss the Application with a Trade Waste Officer prior to submission, please contact us on 1300 086 489.

Please return this checklist with your application and relevant documentation
